

Digital Schools: How Technology Can Transform Education

Darrell M. West
Vice President, Governance Studies
Director, Center for Technology Innovation

Teacher Uses of Digital Technology in Classes

Khan Academy Video

Math Video Games

Space Race

Overview

To Play

Fly over the correct answer to boost your spaceship. How quickly you answer correctly determines how fast your ship will go. Whoever crosses the finish line first wins!

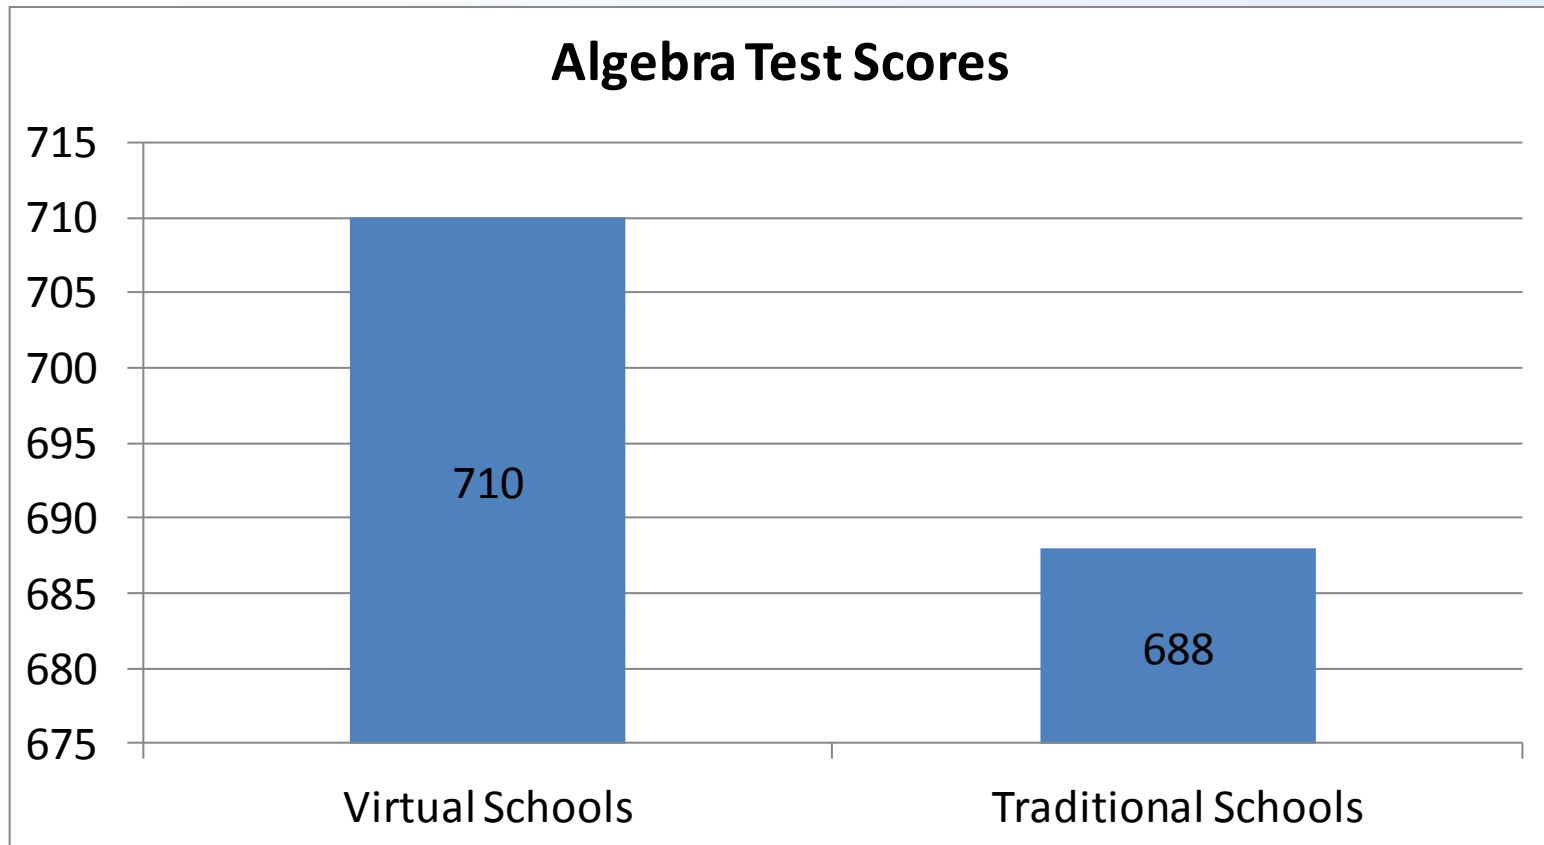

Up to 4 players can play at once. To begin, you need to create a new game for your friends to join, or join a game that a friend created.
