@kylepace I get on-demand PD and collaborate with other educators. I've learned so much that has made me a better teacher.

@kylepace I'm connected to countless passionate educators willing to share ideas and insights - so helpful as I get started in the profession.

Welcome to Classroom20.com, the social network for those interested in Web 2.0 and Social Media in education. We encourage you to sign up to participate in the great discussions here, to receive event notifications, and to find and connect with colleagues.

Classroom 2.0 is a free, community-supported network. We especially hope that those who are “beginners” will find this a supportive comfortable place to start being part of the digital dialog. Because of spammers, we have to approve all memberships here. While your membership is pending you are still welcome to peruse the site or attend any events!

Once your membership is approved, you can introduce yourself to the whole network by going to the introductory forum message. Please also feel free to explore! Here are some starting tips and a “Tour of Classroom 2.0” Eluminate recording, or you can ask help of a “host.” Thanks so much for being here!

Classroom 2.0 LIVE! - Saturday Shows

There will not be a Classroom 2.0 LIVE session on Saturday, June 25th, 2011 so that attendees can participate in pre-conference ISTE 2011 events. We will be taking the month of July off for a brief hiatus and resume our normal schedule on August 6th, 2011.

To volunteer to be a CR 2.0 host/greeter, or if you have comments, please refer here.
