A FAST TRACK TO A TRADITIONAL ED.D.

Seton Hall University’s nationally recognized, accelerated doctoral program will allow you to complete your studies in just 10 weekends and two, four-week sessions over two years. In fact, more than 200 K-12 administrators in 26 states and five foreign countries have already successfully earned their degrees and achieved career advancement.

"Starting this program from Canada and finishing from Singapore was possible only because of Seton Hall’s deep commitment to its students. The culture of positive thinking prevails to make possible what sometimes seems impossible."
